

Benjamin Walker

UI+UX Designer

2025 grad. I unite modern, expressive interfaces with user-centred design.

Education

University of Sydney

2020–25

WAM 75.8

Bachelor of Design Computing

Bachelor of Advanced Studies (Digital Cultures)

- Acquired skills in rapidly iterating to a brief using a variety of user-centred design methods, including user research, sketching, wireframing, digital prototyping and usability testing.
- Developed expertise in working with Figma, using component-based design systems and adapting to the latest trends in interface design.
- Built proficiency in front-end web development, including HTML5, CSS3 and JavaScript, allowing me to consider product technical constraints in my design thinking.

Blackwattle Bay NSW Secondary

2017–19

High school

Experience

Harris Farm Markets

2023–

Casual

Shift Supervisor (2024–)

- Lead register teams, worked cross-functionally with other departments, and developed strong client-facing communication skills through daily customer interactions and stakeholder management w/ partner companies.
- Promoted to supervisor role within one year, demonstrating ability to receive feedback and grow skills rapidly while working at pace.

Shop Assistant (2023-24)

- Gained skills in multitasking, while retaining attention to detail in a fast-paced environment and prioritising empathy for customers.

Quay Appointments

2023

2024

2 references

Scrutiny Officer/Data Entry Officer

Short-term contract roles in digital scrutinising/formatting for the 2023 and 2024 NSW elections.

- Collaborated effectively in large teams, keeping up an eye for detail while constantly adapting to changing requirements and technical constraints.
- Received recognition for excellent performance; invited back for additional contract as a Data Entry Officer in 2023, and finished the job 3 days early in 2024.

Australian Electoral Commission

2022

1 reference

Electoral Officer

- Administered voting processes in the middle of COVID as part of a small, diverse team managing paper-based systems, with high precision and emphasis on voter assistance.

About me

Balmain, Sydney

19-11-2001

- Individual & collaborative worker: love a good team, but I can easily work independently.
- Healthy perfectionist streak: I abhor the idea of leaving a task half-done.
- Practical techie: I'm currently writing this from my self-built desktop PC.
